Society

Dear Colleagues,

We are honored to invite you to the MIPFS Workshop – Laparoscopic Sacrocolpopexy on Pelvitainers, which will take place on 7th September 2018 at the Simulation Centre, University Medical Centre, Ljubljana, Slovenia.

Workshop objective is giving participants theoretical and practical knowledge, and especially, the hands-on training on prepared tissues that stimulate sacrocolpopexy. Pelvic surgery will be done in the presence of our experienced trainers and you will have the opportunity to discuss with them. Because of the limited number of participants the training can be individualized and conducted more efficiently for the participants.

We hope to host you in Ljubljana,

Your organising committee

## Detailed Programme

8:00-8:15	Adolf Lukanović: Introduction
8:15-8:45	Nataša Kenda Šuster: Instruments
8:45-9:00	Matija Barbič: Meshes
